

RHONDA TOWS SLOW RAIN

I tried to reach you 'till I thought your telephone would ring off the wall
All I've been doing is thinking about you wishing you we're here
I'm so glad you called

[:: CHORUS ::]

There's a slow rain falling tonight
If you're in the mood I'd really love to see you
Oh it couldn't be more right
Just you and me and the slow rain falling tonight

Weekend's upon us and the weatherman says there's no letups at all
I'll come and get you there's no need to dress up
Just put on your love and come as you are

[:: CHORUS ::]

There's a slow rain falling tonight
If you're in the mood I'd really love to see you
Oh it couldn't be more right
Just you and me and the slow rain falling tonight

Distant thunder taking me dreaming
Make it perfect baby all I need is the pleasure of your company

[:: CHORUS ::]

There's a slow rain falling tonight
Coming down like that first time we made love
Oh it couldn't be more right
Just you and me and this slow rain falling tonight

There's a slow rain falling tonight
If you're in the mood I'd really love to see you
Oh it couldn't be more right
Just you and me and this slow rain falling tonight
