

SHOTGUN RIDER I'M NOT ALRIGHT

And I'm thinkin' 'bout where you are
Thinkin' never got me far
With a whiskey glass half empty
And I play it all through my mind
Singin' just to make you smile
So you'll miss me
And maybe kiss me

And I don't wanna change or stay the same
I wanna let you go, I wanna make you stay
I wanna sing along, and I wanna hold my
tongue
What I'm tryin' to say
Is baby I'm not alright, but I'm okay

And I order them nice and strong
Floatin' just like a star
Through the neon light I lean on
'Cause I'm drinkin' myself to sleep
Every other night of the week
'Til I see you
And maybe dream you

And I don't wanna change or stay the same
I wanna let you go, I wanna make you stay
I wanna sing along, and I wanna hold my
tongue
What I'm tryin' to say
Is baby I'm not alright, but I'm okay

Where'd you go, I wanna find you
Wanna hold you, wanna know
Where did you go
Where'd you go, I wanna find you
Wanna hold you, wanna know
Where did you go

And I don't wanna change or stay the same
I wanna let you go, I wanna make you stay
I wanna sing along, and I wanna hold my
tongue
What I'm tryin' to say
Is baby I'm not alright, but I'm okay
Baby I'm not alright, but I'm okay
