

DARRYL WORLEY MESSED UP IN MEMPHIS

Home

I'm so far from home
And she's gone
I messed up in Memphis

Alone

Out here on my own
The night is young
Messed up in Memphis

Oh, there's music in the air tonight
City lights and I hear those Beale
Street blues
Telling me it's gonna be alright
Let it go
You got nothin' left to lose

Oh, pain

I don't feel no pain
Messed up in Memphis

Oh, there's music in the air tonight
City lights and I hear those Beale
Street blues
Telling me it's gonna be alright
Let it go
You got nothin' left to lose

Oh, glance

Just a passing glance
A second chance
Messed up in Memphis

Fire

Painted lips on fire
Love for hire
Messed up in Memphis

Love for hire

Messed up in Memphis
