

# CHAD BROWNLEE MONEY ON YOU

When I found you  
Girl I just knew  
That was it, there was no goin' back  
You took my grey skies and turned them blue  
And put this broke heart back in the black  
I'd lay it on the line, down to my last dime

I got my money on you  
I got my money on you  
Yeah, I know a sure thing when I find it  
I got my money on you  
I got my money on you  
Girl, your kiss, there's nothin' like it  
I might not have a million dollars baby  
But I'd spend forever lovin' you like crazy  
Thick, thin, I'm all in  
If I got you, I can't lose  
I got my money on you  
Yeah, I got my money on you

You're a safe bet with a wild side  
Wouldn't change a single thing about you  
Girl, I see it all, lookin' in your eyes  
A piece of land a front porch view  
With your hand in mine  
Yeah, 'til the end of time

I got my money on you  
I got my money on you  
Yeah, I know a sure thing when I find it  
I got my money on you

I got my money on you  
Girl, your kiss, there's nothin' like it  
I might not have a million dollars baby  
But I'd spend forever lovin' you like crazy  
Thick, thin, I'm all in  
If I got you, I can't lose  
I got my money on you  
Yeah, I got my money on you

I'd lay it on the line  
I'd bet my whole life

I got my money on you, I got my money on  
you  
I got my money on you, I got my money on  
you

I might not have a million dollars baby  
But I'd spend forever lovin' you like crazy  
Thick, thin, I'm all in  
If I got you, I can't lose  
I got my money on you, yeah  
I got my money on you  
I got my money on you, yeah  
I got my money on you
