

# LEAVING AUSTIN NOTHING BUT YOU

It'd be cool if there  
Was nobody else drinking in this crowded  
bar  
Just you and me alone  
And turn the sound down so I don't hear  
nothing but you  
Yeah, you

Bet you're thinking I'm crazy  
I've been thinking that, too  
I don't expect you to believe me  
Baby, it's true

Nothing but you  
Can make me feel alive, set my heart on fire  
Turn the silver sky into a California blue  
Fireworks in July got nothing on your eyes  
Nothing on my mind, no  
Nothing but you, ooh  
Nothing but you, yeah, you  
Nothing but you, ooh  
Nothing but you, yeah, you

Baby, why don't we just find a little island?  
Middle of the sea, sunshine kind of freedom  
Bare feet in the sand, margarita in your  
hand, hey  
With a never-ending view

Nothing but you  
Can make me feel alive, set my heart on fire  
Turn the silver sky into a California blue

Fireworks in July got nothing on your eyes  
Nothing on my mind, no  
Nothing but you, ooh  
Nothing but you, yeah, you  
Nothing but you, ooh  
Nothing but you, yeah, you

Bet you're thinking I'm crazy  
I've been thinking that, too  
I don't expect you to believe me  
Baby, it's true, yeah

Nothing but you  
Can make me feel alive, set my heart on fire  
Turn the silver sky into a California blue  
Fireworks in July got nothing on your eyes  
Nothing on my mind, no  
Nothing but you, ooh  
Nothing but you, yeah, you  
Nothing but you, ooh  
Nothing but you, yeah, you

Nothing but you  
(Can make me feel alive, set my heart on  
fire)  
Oh, you, yeah  
(Turn the silver sky into a California blue)  
Girl, nothing but you  
(Fireworks in July got nothing on your eyes)  
Yeah, you, you  
(Nothing on my mind, no)  
Nothing but you
