

# ANDERSON EAST ONLY YOU

Baby, I'm burning, yearning inside  
I can't get you off my mind  
I got a fever, 110  
You're my only, only medicine

Only you (shoobie-doo bah doo)  
Only you (shoobie-doo bah doo)  
Baby, I want you  
Only you will do

I'm dying without you near  
I can't live without you, dear  
I'm going crazy, baby, it's true  
I want you; only you will do

Only you (shoobie-doo bah doo)  
Only you (shoobie-doo bah doo)  
Baby, I want you  
Only you will do

(Sha la la la)  
I've been waiting for so long, whoa whoa whoa whoa  
I've grown tired of feeling like I'm in this world all alone

Only you (shoobie-doo bah doo)  
Only you (shoobie-doo bah doo)  
Baby, I want you  
Only you will do

Only you (shoobie-doo bah doo)  
Only you (shoobie-doo bah doo)  
Baby, I want you  
Only you will do  
Baby, I want you  
Only you will do
