

# KEVIN FOWLER POUND SIGN

Dog-tired  
Yeah, I'm wired  
Uptight-er than an a-string  
About to break

Tail-draggin'  
A little ragged  
Hangin' by a thread  
That's startin' to fray

Just in case there might be  
Little ears around  
I won't say it  
I'll just spell it out

I feel like pound-sign, question mark  
Star, exclamation point  
Don't give a blank  
And a whole lot of other

Choice words I can't say  
Today I feel like  
Pound-sign, question mark  
Star, exclamation point

Hung-over  
A lot closer  
To ringin' death's door  
Than I was yesterday

Head-achin'  
Hand-shakin'  
Badly in need  
Of a shower and shave

Yeah, I know I'm lookin'  
A little rough  
The least I can do  
Is clean my language up

I feel like pound-sign, question mark  
Star, exclamation point  
Don't give a blank  
And a whole lot of other

Choice words I can't say  
Today I feel like  
Pound-sign, question mark  
Star, exclamation point

I think I partied  
A little too hard last night  
Let's see here now  
How do I put this right?

I feel like pound-sign, question mark  
Star, exclamation point  
Don't give a blank  
And a whole lot of other

Choice words I can't say  
Today I feel like  
Pound-sign, question mark  
Star, exclamation point

Don't give a blank  
And a whole lot of other  
Choice words I can't say  
Today I feel like

Pound-sign, question mark  
Star, exclamation point  
Percentage sign, at symbol  
Back-slash, squiggle-thing

Pound-sign, question mark  
Star, exclamation point
