

MICKAEL TYLOR REMEMBER THESE WORDS

I'm gonna be one that you can have faith in
The smile on your face I get lost for days in
I'm gonna be the road that you drive down
easy
Right there by your side when you need me

So lover hit me with your midnight thunder
Hold me with the spell I'm under
Even when the sky falls down
Baby I love you and I ain't ever gonna leave
you
Even when my eyes can't see you
Baby when it rains, when it hurts
Remember these words

Yeah I wanna make every one of your
dreams come true
The arms you fall apart in when you need to
I want you to know we're forever like brick
and stone
There ain't no sand in the solid ground we
built this love on yeah

So lover hit me with your midnight thunder
Hold me with the spell I'm under
Even when the sky falls down
Baby I love you and I ain't ever gonna leave
you
Even when my eyes can't see you
Baby when it rains, when it hurts
Remember these words

I'll be your sunny day when you need one
The light when you don't see none
The last bit of hold on left when you can't

So lover hit me with your midnight thunder
Hold me with the spell I'm under
Even when the sky falls down
Baby I love you and I ain't ever gonna leave
you
Even when my eyes can't see you
Baby when it rains, when it hurts
Remember these words
