

SUGAR & THE HI LOWS SKIP THE LINE

Walked up in the jailhouse,
Kicking up a fuss,
The keys are right beside me,
But I won't give up the trust
I'm looking for the last time
That I'd never need
And then I saw you, baby,
I'd everything to lose
Yeah, I...

[Chorus:]

I got an open mind,
I got an open sky,
I've got you by my side
Yeah, I,
I got a big old home,
I got a big blue sky,
I got you by my side

Everybody's waiting,
Worrying about their problems
Except you and I,
We're gonna skip the line,
Skip the line,
Skip the line

I see the world with clear eyes,
I've got no room to love,
Just you and me in the countryside
And that about sums it up
Not a care in the world,
And no money to burn

The one token by our side
Except you and I

[Chorus]

Yeah, I...

[Chorus]

Skip the line
I said skip the line
Skip the line
Skip the line
Skip the line
