

# **GEORGE CANYON BETTER OFF IN LOVE**

I could quit this job and settle down to the  
kids  
Find an easy gig strummin' this guitar  
Drinkin' whiskey, and watchin' pretty women  
Putting 10s and 20s in my jar

Buy a ticket on a West Jet out to Pheonix  
Try and find myself out in that desert air  
Point a rusty car at the blue Pacific  
Maybe stumble across another broken heart  
out there

I'd be better off in love  
So right, baby  
Holding someone sweetly in my arms  
Instead of lettin' these memories, drive me  
crazy

Wonderin' where on earth you are  
In a perfect sunset, I miss your touch  
If it weren't so right, it wouldn't hurt so  
much  
I'd be better off in love  
Better off in love

I could fix my Jeep and drive it out to  
Jasper  
Build a little cabin on some higher ground  
They say the sky out there, it goes on  
forever  
There's nothing left for me here in this old  
town

I'd be better off in love  
So right, baby  
Holding someone sweetly in my arms  
Instead of letting these memories, drive me  
crazy  
Wonderin' where on earth you are

Oh day and night, I still dream about us  
If it weren't so right, it wouldn't hurt so  
much  
I'd be better off in love  
Better off in love

I'd be better off in love  
Better off in love  
Yeah, I'd be better off in love, oooh...
