

THE WASHBOARD UNION HEAD OVER HEELS

There you go putting that boom-boom
back in my heart again
Every time you give me that look,
game over I give in
I love the way you get to me
You're like all I ever wanted,
wrapped up in what I need.

Hopelessy falling,
Tangled and tied,
Over the edge,
out of my mind
Spinning in circles
don't know what you do
I hopelessly helpless,
head over heels over you

There you go burning that fire,
Baby in my soul
Your lighter held up high for me
at a sold out show
You're the perfect song so I sing along
And I turn it up loud
and I play it again and again

Hopelessy falling,
Tangled and tied,
Over the edge,
out of my mind
Spinning in circles
don't know what you do

I'm hopelessly helpless,
head over heels over you

I'm head over heels over you

Stuck on you girl
That's no line
I couldn't quit you
If I tried

Hopelessy falling,
Tangled and tied,
Over the edge,
and out of my mind

Hopelessy falling,
Tangled and tied,
Over the edge,
out of my mind
Spinning in circles
Don't know what you do
I'm hopelessly helpless,
Head over heels over you

Im hopelessly helpless,
Head over heels over you

I'm hopelessly helpless,
Head over heels over you
