

# LONESTAR WHAT ABOUT NOW

Album : Lonely Grill

The sign in the window said for sale or trade  
On the last remaining dinosaur Detroit made  
Seven hundred dollars was a heck of a deal  
For a four hundred horsepower jukebox on  
wheels

And that road rolls out like a welcome mat  
I don't know where it goes but it beats  
where we're at  
We always said someday, somehow  
We were gonna get away, gonna blow this  
town

What about now, how 'bout tonight  
Baby for once let's don't think twice  
Let's take that spin that never ends  
That we've been talking about  
What about now, why should we wait  
We can chase these dreams down the  
interstate  
And be long gone 'fore the world moves on  
and makes another round  
What about now

We've been puttin' this off baby long  
enough  
Just give me the word, and we'll be kickin'  
up dust  
We both know it's just a matter of time  
'Til our hearts start racin' for that county  
line

What about now, how 'bout tonight  
Baby for once let's don't think twice  
Let's take that spin that never ends  
That we've been talking about  
What about now, why should we wait  
We can chase these dreams down the  
interstate  
And be long gone 'fore the world moves on  
and makes another round  
What about now

We could hang around this town forever  
making plans  
But there won't ever be a better time to  
take this chance

What about now, how 'bout tonight  
Baby for once let's don't think twice  
Let's take that spin that never ends  
That we've been talking about  
What about now, why should we wait  
We can chase these dreams down the  
interstate  
And be long gone 'fore the world moves on  
and makes another round  
What about now

What about now
