

RODNEY CROWELL IT DON'T GET BETTER THAN THIS

I met a beautiful temptress, ah, she was living in Memphis, Tennessee
It was my very first day in town and I was looking around
She started talking to me, ah, just as sweet as can be, yeah
And then she hit me with a dynamite kiss, it don't get better than this

We've been together since that very first day
It's kind of crazy indeed
I wouldn't want to have it any other way cause I've got all I'll ever need

Now it's a beautiful world and she's a beautiful girl, yeah
She's a trouble that I don't want to miss, it don't get better than this

She likes to ride in my car, she wants to play my guitar real loud
She's an angel with a dynamite kiss, it don't get better than this

We've been together...
Now it's a beautiful world...

Everything about her is one of a kind
Hey, I can live without her but I'd rather go blind
So tell me if you're talking about just it don't get better than this.
